

FOR LARGE DOGS (30 lbs and over)

CF-3

JOINT CARE FORMULA

CF-3 contains naturally occurring substances that provide the building blocks for rebuilding joints, as well as support for cartilage and connective tissues.

CF-3

Introducing the **NEW & IMPROVED CF-3** joint care system with now **DOUBLE** the potency! CF-3 is made from quality ingredients and contains powerful antioxidants.

CF-3 contains naturally occurring substances that provide the building blocks for rebuilding joints as well as support for the cartilage and connective tissue. The results combine to give the animal greater exercise tolerance, and comfort.

- CF-3 contains four of most popular joint support products in one high potency formula
- Promotes healthy joint tissue and cartilage in dogs
- Promotes joint comfort, freedom from stiffness, and ease of movement
- Great beef & cheese flavor dogs LOVE!
