

ISOTROPIN[®]

DIET

ISOTROPIN[®] DIET Encourages weight loss at a natural pace and assists in balancing the appetite. May also enhance mood, and increase energy to improve an exercise program.

ISOTROPIN[®] DIET

ISOTROPIN[®] DIET a revolutionary and all new homeopathic diet formula for men and women.

Features and benefits:

- Reduce Fat
- Improve Muscle Tone
- Balance Appetite
- Improve Digestion
- Increase Metabolism
- Increase Energy
- Improve Overall Health

Encourages weight loss at a natural pace (not too slow or too fast). Assists in balancing the appetite. May also enhance mood, and increase energy to improve an exercise program. It can also encourage overall muscle tone.

Product Advantage:

Contains GH, which has been shown to encourage reduction and redistribution of fat, increase metabolism, improve digestion, and increase muscle tone. Phenylalanine, an amino acid, is included in the formula at multiple potencies to help balance appetite.

Key Ingredients:

Contains several ingredients including GH, growth factors, amino acids, minerals and much more in a base of USP Alcohol, 8% USP Glycerin and Purified Water.

Somatotrophin (HGH) 3X,
L-Phenylalanine 6X/12X/3X, Cervi
