ISOTROPIN[®] MOOD

ISOTROPIN[®] MOOD a revolutionary and all new homeopathic emotional well being booster with Siberian Root.

ISOTROPIN[®] MOOD is a complete mental stimulation enhancer. Vast research of this amazing root reveals its increase of mental performance, desire, energy and stamina. A positive mood elevator as well, Siberian Root may be used to assist emotional well being, poor memory and cognition. Overall mental clarity and dreams are greatly optimized by this powerful innovation.

Features and benefits:

- Supports Mental and Emotional Well- Being
- Promotes Healthy Memory Function
- Promotes Energy, Desire and Stamina
- Assists with Stress and Fatigue

This is the first homeopathic oral spray version of the highest quality Siberian root, Rhodiola Rosea. By using a combination of Rhodiola Rosea and Albumin, ISOTROPIN[®] MOOD is formulated to reduce stress while elevating mental and emotional well-being. It provides extra assistance to the mind, emotions and allows the body to reduce stress for better overall health. The Rhodiola Rosea used in this formula is the most powerful in its species and contains nutrients that balance the body.

(Rhodiola Rosea) 1X/2X/3X, Albumin (USP) 1X/2X/3X. In a base of not more than 20% USP Alcohol, 10% Glycerin USP and Purified water.

To be used according to standard homeopathic indications.
